

Cloud Snail Collection

The Cloud Snail Collection consists of the iconic Cloud Snail and the Cloud Ottomans. Cloud Snail embodies the concept of both resting and sitting in one supportive structure; lay or sit inside the hollow area of the Cloud Snail, or sit on the Cloud Snail's 'Neck' as if riding on a snail. The hollow part of the head can also be used as a storage area. Meanwhile, the memorably shaped Cloud Ottomans can be laid on any side, with even a modular option via the Cloud Wave.
